LAUREL HILL TO INCORPORATE

PROGRESSIVE LITTLE PLACE PROPOSES TO PUT ON SOME CITY AIRS NOW.

Special to The Journal.

Laurel Hill, April 22.—Last Thursday night the citizens of Laurel Hill assembled at the Masonic Temple for the purpose of discussing the question of incorporating our town. F. G. French, Jr., acted as chairman.

Speeches were made by the chairman, J. F. Richbourg, D. T. Finlayson and Capt. Eric Von Axelsson, when all spoke in favor of the incorporation.

As there was no opposition the meeting went to work with some actual business. Capt. Von Axelsson had drawn up an act of incorporation which was adopted, and a resolution was passed to petition the legislature to have the town incorporated under this act.

All our citizens are in union in this matter and there is no doubt in our mind that the incorporation will result in much good and to the future prosperity of our little city.

Laurel Hill is solely dependent on the farmers, as we have no saw mills to draw trade from. However the surrounding section is well adapted for agricultural pursuits and our farmers are in a prosperous condition.

Very little cotton is grown, but a good deal of corn, sugar cane and sweet potatoes. Peach orchards have been planted and are increasing in acreage.

Two new stores have been built here lately and are occupied. E. E. Reese, of Pensacola, was up here this week shaking hands with old friends.

C. C. Hotchiss, a northern visitor, made us a flying call Wednesday. Mr. Hotchiss is very much interested in the growing of figs and believes it will be one of the best paying crops in this section as soon as the people find out how cheap the fig is grown and the big demand there is for the product at good prices.

How about that fair in Pensacola? You should get a move on you at once. By all means get the fair and we will all be down there and help you out with exhibits and our presence.

FALSE THEORIES.

Lead to Worthless or Harmful Remedies.

Stimulating the scalp may allay the itching of the dandruff, but that does not cure the scalp. The disease won't yield to quinine or capsicum nor alcohol, because it is caused by a germ or parasite. To cure dandruff the germ must be destroyed. Until recently there was no hair preparation or dandruff cure, or hair restorer on the market that would kill that insidious germ that dries up the scalp in little scales called dandruff, and absorbs the vitality of the hair, causing falling hair, and finally baldness. Newbro's Herpicide is the only really scientific preparation to cure dandruff, prevent falling hair and baldness. Sold by leading druggists. For sale by W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox. Send 10 cents in stamps for sample to The Herpicide Company, Detroit, Mich.

Sir Knights, Attention!

Regular convocation of Coet de Lion Commandery No. 1, Knights Templar at 7:30 p. m. Monday, April 24th.

Balloting and work in R. C. and K. T. degrees. Sojourning Sir Knights are courteously invited.

HARRY W. GIBBS, P. C. W. HENRY NEEDHAM, Recorder.

## WILL OPEN TO-MORROW

HOOTON'S PHARMACY WILL OPEN ITS DOORS AT NOON AND

GIVE AWAY PRETTY SOUVENIRS.

To-morrow at noon Hooton's Pharmacy will throw open its doors to the public.

Those who take the trouble to attend the opening will receive a handsome souvenir in remembrance of the occasion and at the same time see one of the handsomest drug stores in the state of Florida if not in the south.

The new place is located at the southeast corner of Palafox and Romana, and the interior has been papered with the most expensive wall paper that could be bought in this section of the country. The front has received four coats of pure white paint and is trimmed with gold leaf. An array of electric lights makes the front very inviting to say the least. There is a large show window, a glass front, a wide entrance and ample light inside. The floor is covered with genuine inlaid linoleum. All the show cases are made of quarter sawn oak with marble base and plate glass with glass shelves. On the left is the cigar and tobacco case, where a large and varied line of cigars, tobacco, cigarettes, etc., are kept. Back of this is an eight foot wall show case, filled with choice cigars.

Next to this there is a 25-foot patent medicine case which is also well filled. Beneath the shelves are many drawers and cupboards all of which are perfectly dust proof.

Next to the cigar case is an 8-foot show case filled with many brands of soap, embracing anything from a 5c cake with a wash rag to the most expensive on the market.

Then comes a 4-foot wrapping counter, which is also made of plate glass. Then there is a brush case, with dozens of brushes, in fact an assortment of nearly everything which belongs to the brush family. There is also one case devoted to a varied assortment of combs which also vary in prices.

The prescription case is a gem. It is made of quarter sawn oak, brightly polished. On the outside there is a large 6-foot mirror and on each side there are air tight closets for reserved stocks of perfume.

The inside of the case is large enough for six druggists to work at one time and yet everything is just as handy as can be and prescription work can be done with no delay. The middle of the case is devoted to the poison case. In this all poisons are kept locked at all times.

On the rear wall are the more little shelves where all necessary prescription drugs are kept. The shelves are within easy reach of the pharmacist at all times.

The Hooton pharmacy will make a feature of quick delivery. They will employ two boys with bicycles who will make deliveries in very short order.

They have a large stock of Allen's perfumes, imported and domestic. These are all high grade perfumes, and will be tested by a special demonstration: who will come here direct from the manufacturer for that purpose. She will arrive in Pensacola to-night.

The public, generally, is cordially invited to attend the opening and receive a handsome souvenir.

AMUSEMENTS.

LADIES' AUXILIARY PICNIC.

From all indications the Ladies' Auxiliary Picnic, which occurs at Magnolia Bluff next Friday afternoon and night, is going to be the biggest event of the kind the ladies have ever held. As one of the features of the occasion the following prize list has been arranged:

Most popular candidate, a hat.

Most popular person on the ground, a cake.

Person getting most votes, set of silver spoons.

Best girl dancer in afternoon, pair slippers.

Best boy dancer, in afternoon, half dozen pair hose.

Best lady dancer at night, an umbrella.

Best gentleman dancer, at night, an umbrella.

Barrios' orchestra has been engaged to furnish music for the occasion and a fine entertainment in every way is being arranged. Trains will run in the afternoon at 1:30, 4:30 and 7 and 8 o'clock. Everybody is invited to attend.

Scrofula, salt rheum, erysipelas and other distressing eruptive diseases yield quickly and permanently to the cleansing, purifying power of Burdock Blood Bitters.

A GOOD CHANCE.

At the request of the officers of a well-established and successful mutual life insurance association I have undertaken to organize the territory embraced in the counties of West and Middle Florida, and am prepared to offer to the right party, on the most liberal terms, appointments as Division Agent at Pensacola, Milton, DeFuniak Springs, Westville, Chipley, Marianna, Apalachicola, Quincy, Monticello.

The plan is new and very attractive, and the membership is restricted to white persons.

Applications for this position must be made to me by mail before May 5, accompanied by the names of one or more well known citizens as reference, and stating age, residence, experience in such work, and previous occupation of applicant.

Terms and requirements will be promptly made known on receipt of satisfactory application.

CHAS. A. CHOATE, Care True Democrat, Tallahassee, Fla.
